Project Title	University Admit Eligibility Predictor
Team ID	PNT2022TMID03943
Team Members Name	Gouthami.S ,D.Shrinidhi, Gragalakshmi.L, Janani Priyadharshini.S

PROBLEM STATEMENT

Students are often worried about their chances of admission to University. The aim of this project is to help students in short listing universities with their profiles. The predicted output gives them a fair idea about their admission chances in a particular university. This analysis should also help students who are currently preparing or will be preparing to get a better idea .The students or parents require a way to analyze and list the universities availablefor their cut-off mark so that the student or parent will be directly benefitted by preparing themselves in par with the university's requirement. This can be implemented using Machine learning, Data analyzing and etc.
